March 4, 1971

To: All member and friendly organizations

Dear Friends,

With March 16 we begin one of the most crucial periods in the history of the United States progressive movement. On that day Angela Davis is to appear in California court on charges of conspiracy to commit murder. The penalty if found guilty - death.

The whole world knows that Angela is innocent, that the American ruling class, led by Nixon, Agnew and Reagan, is out to eliminate Angela by any means possible because she, a young black woman, member of the Communist Party of the United States, has actively involved herself in the struggle for the liberation of her people and oppressed people around the world. In the eyes of the American ruling class, that is a crime.

Angela's defense can mark a watershed for the entire United States progressive movement. Angela, who sought to expose the prison system; who worked for the freedom of the Soledad Brothers; who sparked and gave direction to the university movements; who helped conceive and organize black studies programmes; who worked with the people, stands in a unique way to unite black and brown and white, communist, radical and democrat. Young and old, worker and intellectual.

Angela herself has provided the key to her own liberation: "The people will set me free". And to prove Angela correct, to justify her faith in the people for whose causes she has fought, and for whom she has been persecuted and could pay with her life, the World Federation of Democratic Youth appeals once again to all member and friendly organizations to step up their efforts in defense of Angela Davis, especially as this vital time draws near.

We call on you to show Angela that she is not alone, that all around the world countless numbers of young people are with her in struggle and in spirit. And we ask you to make that point explicitly clear to President Nixon and Governor Ronald Reagan of California as well.

We ask you to do whatever you can. Letters of protest could be sent to President Nixon or to Governor Ronald Reagan in Sacramento, California. Letters or telegrams of solidarity could be sent to Angela, c/o Marin County Jail, San Rafael, California or to the United National Committee to Free Angela Davis

3450 West 43rd Street Suite 104 Los Angeles, California 9046. U.S.A.

Any action will privide one more ray of hope and inspiration for Angela, as well as for all political prisoners in the United States.
